

**Iles Park Neighborhood Association
Neighborhood Minutes September 14, 2021
Iles Park Pavilion**

11 attendees and 1 parrot

No law Enforcement present for the meeting. I overlooked reminding NPO and the Park cops were there but dealing with kids and vandalism. They had tried to destroy 2 of the picnic tables and trashed the bathroom.

Treasurer

Approximate balance \$2667 starting in November we will be getting charged for paper statements.

Martin was asked to look into it.

Signs

Sign in the Park needs moved due to new Park sign coming in.

Park District will move it for us if we have a place in the park. Discussed Along Ash or by the bus stop on 6th.

Michelle thinks they want it out of the park but is going to push to keep it in the park if we can.

Skate Park Lights

There was a question of if they are going to put lights up down at the skate rink - they had said no they were not but we may need Derek to come with an update since they change their minds and we want a status on walking paths.

Neighbors by the skatepark are reporting no real issues as of yet down there - good to hear.

Contest

Going to do October Halloween FB contest like last year.

Fundraising

We will offer the coupon books to those who would like them again this year.

Elections / Meetings

Discussed elections - what month to have them? October or November - no meeting in December.

Had decided to have them in November at Track Shack but Michelle will be out of Town so we will have elections at the October 11th meeting at Iles Park.

Elections at October meeting.

No November meeting unless Connie wants to do it.

No December meeting.

Officer meeting in January to brainstorm for 2022.

Safety

Michelle will reach out to Neighborhood Watch people to get a formal refresh meeting (for next year).

Pat wants to remind everyone to keep their outdoor lights on. She has noticed some new neighbors are not doing that.

Michelle will look into door hangers with general info for dispersement.

Harvard Park Community Garden

Laura from Harvard park/Enos park was there about community garden - did not know this until the end.

Spoke with her on putting it in our newsletter to see if anyone wants to volunteer next year.

In Carol's absence,

Michelle Coffin, President
